

BRIGHTSIGN XC5

MULTI-HEADED 8K PLAYERS FOR ELITE EXPERIENCES

Multiple HDMI outputs, elite HTML performance and stunning 8K makes BrightSign XC5 the most powerful player in the digital signage industry. Custom built on our signature solid-state platform, BrightSign XC5 exceeds signage PCs in performance, reliability & longevity while powering up to 4 screens at once from a single player. Crafting video wall presentations are significantly streamlined with multi-output players, and the hardware accelerated 4K video rotation also makes it easy to deliver eye-catching multi-screen experiences. Highly sophisticated HTML content that supports 3D motion graphics, WebGL, JavaScript and interactivity in 8K is yet another application where BrightSign XC5 can make your signage truly stand out. Redefining digital signage applications across multiple displays and with powerful HTML is what BrightSign XC5 was designed for, making them the ideal choice to deliver captivating experiences with confidence.
