

Key Features

- Make quick color adjustments with a simple button click, ensuring a seamless lesson flow.
- Enjoy a comfortable writing and annotating experience with the sleek, compact stylus.

Product Description

Enhance your lesson visuals, engage your students, and break down complex concepts with ease using the ViewSonic VB-PEN-010 active stylus. Its sleek, compact design lets you glide effortlessly across the ViewBoard IFP53, while the quick-access button allows for instant color switching with a simple click. No more interruptions—just smooth, precise writing, drawing, and annotating.
